## ORFIELD DESIGN & CONSTRUCTION, INC. WINS COVETED REMODELER OF MERIT AWARD<sup>SM</sup> FROM THE BUILDERS ASSOCIATION OF THE TWIN CITIES

Minnetonka, MN, October, 21st, 2016 — Orfield Design & Construction, Inc. is proud to announce that the firm has earned a Remodeler of Merit Award (ROMA) from the Builders Association of the Twin Cities (BATC) for its Bathroom Under \$115,000 completed early in 2015. Orfield Design & Construction, Inc. earned one of just 16 ROMA Awards presented at BATCs Building Industry Gala (BIG) Night held on October 20, 2016, at the Mystic Lake Showroom in Prior Lake.

Since 1982, BATC has presented the ROMA<sup>SM</sup> Award to remodelers to recognize creativity, design, and the remodeler's ability to meet the client's requirements. Winners were selected by a team of remodeling professionals from the Sioux Falls, South Dakota, Builders Association after evaluating photographs, floor plans and descriptions of the remodeling project. "Remodeling projects that earn a ROMA Award are truly the best of the best," explained BATC Executive Director, David Siegel. "The Sioux Falls remodeling professionals who review each entrant know that they're not just looking for the prettiest spaces, they take into account the challenges and customer wishes as they evaluate each project."

"Discovering that our competition was from entries in 34 Cities between Minnesota and Wisconsin, out of 75 Finalists in only 15 Categories, being 1 of the 16 winners really supports the feeling of accomplishment for the level of detail our staff & sub-contractors invest into a project. Showing a beautiful project is great, having a happy, repeat client – even better!" recognized Laura L. Orfield-Skrivseth, Owner of Orfield Design & Construction, Inc.

**About the Project:** This master bathroom was typical of a 1994 "new build". Although it was a showcase home back then, it is not current fashion. The original bathroom was typical of that period with stained oak woodwork, bland beige colors, drop-in sinks, brass accessories & popcorn drywall ceilings. Using Bati Orient black sliced polished pebble shower floor & simple tones of "white naturale", "pewter", "grey huskie", "silver chain", & brushed nickel finishes with the intricate material arrangements, we were able to harmoniously unite masculine & feminine, creating a master bathroom to be enjoyed & shown as an impressive haven!

**About Orfield Design:** Since 1978, our local, second-generation, award-winning Design/Build firm has been offering unique, creative design solutions in any community. Our company offers: Interior Designers, Accredited Drafters, Master Carpenters, and Detailed Project Managers. We take pride in our personal service, permit-ready plans, professional communication, organization and quality in both workmanship and materials. Not only do we enjoy completing projects alongside handy homeowners, but take complete responsibility from start to finish for those who wish to just watch and enjoy their finished spaces! For more information or to schedule a meeting at your home, contact Orfield at (952) 920-6543 or admin@orfielddesign.com!

**About BATC:** BATC-Housing First Minnesota got its start in the late 1930s by a small group of builders. Their goal was to increase the professionalism and quality of the homebuilding industry. Over the years the association has grown to include builders, remodelers, sub-contractors, suppliers, and other professionals who support the building industry. Members subscribe to a defined code of ethics, and all of our builders conform to Minimum Performance Standards for construction and business practices. All builder and remodeler members are licensed through the state of Minnesota and must comply with the rules, regulations, and continuing education requirements set by state statute. Today, BATC-Housing First Minnesota focuses on delivering benefits to members in three key areas.
